

USING THE POWER OF THE SURESCRIPTS NETWORK TO **IMPROVE PATIENT SAFETY AND OUTCOMES AT LOWER COST.**

NEW SCRIPT: MOVING CLOSER TO TRUE CLINICAL INTEROPERABILITY

CMS proposing adoption of **NCPDP SCRIPT v2017071** and sunset of v10.6 for Prescription Routing and Med History.

KEY BENEFITS OF NEW SCRIPT

- Improve patient safety and prescription accuracy
- Create workflow efficiencies
- Reduce testing requirements
- Increase configurability

Surescripts is providing tools and services to support the migration to New SCRIPT.
